

How Can DriverLocate.com Help You?

✦ Set up recipients to receive vehicle specific alerts. (Owner, Manager, and Driver) this way everyone is notified

✦ Fleets are averaging 80 cents per gallon savings by eliminating unauthorized trips and reducing speed

✦ Dispatching can increase driver productivity, leading to higher revenues

✦ Reducing idle-time will provide fuel savings (for every hour of idling, you waste nearly one gallon of fuel)

✦ Cut Fuel Costs

✦ Improve Employee Productivity

✦ Assist in Recovering Stolen Vehicles

✦ Monitor PTO Usage

✦ Low Vehicle Battery Alert

✦ Dispatch Closest Driver

✦ Eliminate Unauthorized Vehicle Usage

✦ Monitor Speeds

✦ Shows Real-time Traffic Conditions

DriverLocate.com now offers a full line of dash cameras at some of the best pricing in the industry! Pick the options that best protect your business from fraudulent claims. Choose from single, dual, or multi camera systems including weatherproof external units. Video storage options include: removable SD card, Wi-Fi app or Cloud. Call us and let our sales experts help you select the right system.

The DriverLocate.com GPS vehicle tracking unit optimizes your fleet for maximum efficiency by providing minute-by-minute information regarding your vehicles. The easy-to-use web interface allows the most convenient way to continuously track idle times, stop time and PTO engagements. Instantly identify where your trucks are located. Create geo-fences, speed limit alerts, and scheduled maintenance reminders. You can even unlock the vehicle if your driver mistakenly locks his/her keys in it. Other features such as daily, weekly, and monthly reports can also be configured to meet your needs.

We are so confident that the DriverLocate.com GPS vehicle tracking unit and the service that accompanies it is far superior to other tracking services currently available, that if you are not completely satisfied within the first 30 days; simply return the device and the power harness back to us for a full refund. *(Device and harness must be returned in usable condition)*
